Stiefel Eczema Protect

Immediate treatment against itching

Skin care lotion with cloves, juniper berries and lavender

Quality care for horses

Stiefel Eczema Protect can be used for the skin care of sensitive horses that are prone to skin irritation, itching or summer eczema. With its protective and revitalizing active ingredients Stiefel Eczema Protect can intensively support and care for dry, sensitive or itchy skin. Stiefel Eczema Protect can also contribute to faster regeneration of irritated skin. Stiefel Eczema Protect has proven particularly useful in treating summer eczema.

Contents according to INCI:

Aqua; Methyl Cocoate; Juniperus Mexicana; PEG-35 Castor Oil; Glycine Soja (Soybean) Oil; Thuja orientalis; Sodium Carbomer; Eugenia Caryophyllata; Lavandula angustifolia; Cymbopogon winterianus Jowitt
