Stiefel Ginger

Benefits for the musculoskeletal system

Root, ground

Feed material for horses

Stiefel Ginger can have a positive effect on the musculoskeletal system and the general well-being of horses with feed-related deficiencies. The pungent constituents can have a positive effect on muscle pain, joint problems and headaches. The horse's respiratory and bronchial system can also be positively influenced.

Composition

Ginger, ground 100 %

Analytical components

Crude protein 22.00 %; Crude fibre 5.00 %

Feeding recommendation

Large horses (600 kg body weight) 20 g / day

Small horses 10 g / day

(1 heaped tablespoon = approx. 10 g)

Please feed slowly. Do not feed during pregnancy. Do not feed the normal amount for more than 6 weeks. Lower doses can be given for a longer period of time. Mix ginger into food, moisten lightly if necessary.

Storage note

Store feed in a cool, dry place away from direct sunlight. Use soon after opening.

ADMR: ADMR 48 hours according to FN (version from: 28.06.21)

Presentation: Root ground

Packaging:

Art. ST003401 1 kg bucket
